Bell Ringers Report given by Paul Archambeault

Our bells are part of a sound sculpture, Sonic Cascades, in downtown and can be heard on 2<sup>nd</sup> St when someone is playing during the noon hours and after work.

Speakers for the bells have been installed in the church such that they can be heard.

Signage

Banner signs are wonderful. Need to have the date included, not everyone knows the date of Ash Wednesday or Easter, etc.

The Traditional sign looks poorly, needs same lettering used throughout, or just be removed completely.

Possibility of an electronic sign, there are city restrictions. Alan Fong and Scott Fletcher will evaluate.

Heather Prescott announced that the Directory will be update and printed in color.

Meeting adjourned at 10:30 a.m.
